A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met with qualification. It uses only qualified witnesses.
3. Good Advertising ~ conforms to generally accepted standards of acceptance on the basis of service advertised rather than competing goods. It is not offensive or annoying.
4. Good Advertising ~ recognizes economic responsibility to the community and its social responsibilities to the public interest.

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Cherryville City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State and National Directories).

Confidence in the growth of Cherryville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the City Directory is a mirror truly reflecting Cherryville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Cherryville City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Cherryville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Cherryville, and the name, official personnel, nature and address of each firm and corporation in the city.

828421

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Cherryville.

The Cherryville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Cherryville City Directory, a Directory Library is maintained in the offices of the Cherryville Chamber of Commerce for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

CHERRYVILLE HISTORY

Cherryville was known in the 1700's as White Pines. The present name, Cherryville, was originally suggested by Ephriam Black, a member of one of the early families to settle in this area. Officials of the

Carolina Central Railroad, later the Seaboard Coast Line Railroad, liked the suggested name. It did describe the little village with the cherry trees along the roadways and lanes and so the name was adopted. In 1881, the name Cherryville became official.

The land on which Cherryville now stands was settled in 1762. Members of the Black family, Scotch-Irish by ancestry, first settled in Pennsylvania. In 1750, they made their way to North Carolina.

Governor Samuel Ashe of North Carolina made the original grants of land in and around Cherryville in 1792. Although one of the oldest cities in Gaston County, Cherryville was not incorporated until 1881.

The Old Post Road, a famous landmark in Cherryville, served as a main thoroughfare between Charlotte, North Carolina and Spartanburg, South Carolina during the 18th century. It was one of the principal connections between Washington, D. C and some of the most important points in the south. Henry Summit's Cross Roads Store was established on this famous road in 1853.

Gaston County, in which Cherryville is located, was named in honor of William Gaston of New Bern, North Carolina. The Hon. Wm. Gas on served as a member of the Continental Congress and later was an Associate Justice of the Supreme Court. Gaston County was settled during the last half of the 18th century by Scotch-Irish, Germans, and Dutch. Agriculture was the only industry for a number of years. In 1846, the first manufacturing plants were built. These were located along the streams, for water power, which turned the machines.

In the short period of 75 years—from the Old Post Road, and the first cherry trees—Cherryville has grown into a young and virile industrial city. The present annual payroll exceeds \$30 million.

Specialist or Jack-of-all-Trades?

More and more our graduate schools are preparing young men and women for the "Age of Specialization." Scientists who will specialize in a single segment of one part of the complex world of science. Doctors who concentrate in one particular field of medicine. Lawyers who devote themselves exclusively to one branch of the law. Accountants who pursue the special problems of tax legislation.

The jack-of-all-trades can no longer give satisfactory service if he tries to cope with all of the problems in any particular field. Specialization has become almost mandatory as the horizons of knowledge continue to expand.

We, too, are specialists. We specialize in two fields—savings and home loans.

Today, savings and loan associations provide the facilities where over 40,000,000 people save their money with safety and profit.

Today, savings and loan associations make more home loans than all other financial institutions combined.

This specialization provides better services for you and the people of your community.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS
and ZIP CODES

1972

Star ★ Preceding Name Indicates NEW HOUSEHOLDER This Edition.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ★ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Star appearing between street number and name of occupant denotes new householder this edition.

Telephone numbers, as supplies to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.
